

### **ASFB3, ASFB2, ASFB1 - Kong AirDog Football (small, medium, large)**

"Mom, Mom," begged Rex. "Can we please get a Kong AirDog Football? I promise to play with it all the time and never lose it."

Rex's parents laughed. They loved that he was so enthusiastic about the game, and they were more than happy to get him his own toy. They knew their dog was a football fanatic and often caught him trying to play with their real football.

*Is your dog a football fanatic? Do you ever catch him trying to play with your real football?*

The Kong AirDog Football is the ultimate toy for dogs that love to play America's favorite pastime! The erratic and unpredictable bounce of a real football is mimicked perfectly in the Kong AirDog Football, which keeps your dog guessing where it will eventually land.

Perfect for games of fetch and chase, the Kong AirDog Football will even float on the water, making it an essential beach, or swimming pool toy. This football-shaped toy contains a hidden squeaker encased in rubber and covered in high-quality tennis ball fabric in a fun football shape.

This football shaped toy contains a hidden squeaker that is encased in rubber and covered all over in high-quality tennis ball fabric in a fun football shape. This fabric is non-abrasive and non-toxic so it will not abrade your dog's teeth. It is this fabric that makes the Kong AirDog Football far superior, durable and a lot more entertaining than just a regular old tennis ball or football as it is stronger and thicker. This design also makes the Kong AirDog Football great for dogs who like to chew. Unlike regular footballs, dogs will be unable to puncture the Kong AirDog Football, even though it is not meant to be a true chew toy.

Your dog will go crazy for the flamboyant squeaker and will know that it is playtime! Best to keep a few these hidden around your home and garden for a great surprise treat for your best friend.

## **ASST1 - Kong AirDog Squeaker Stick (large)**

Hey, Mom! Hey, Dad! Can we get the Kong AirDog Squeaker Stick? Pleeeeease?! It's soooo much fun to play with! The rubber is really bouncy, and it has this cool squeaker inside that makes it bounce around all crazy-like. And the best part is that it's covered in this rigid tennis ball material, so it doesn't wear down my teeth or gums. Plus, it floats in the water so I can take it swimming with me. Please, please, please, can we get one?

*Does your pooch like to pick up sticks and chew on them? Or does he bring them back to you to throw for him only to have it snap in half in your dog's mouth?*

Then you should seriously consider purchasing the Kong AirDog Squeaker Stick. Think of it as a tennis ball on steroids! Inside this toy is an exciting squeaker that is sure to grab your pet's attention immediately. The squeaker unit is enclosed in rubber which enables the Kong AirDog Squeaker Stick to have a rather erratic bounce that is fun to watch. This rubber is then covered over with durable tennis ball material. This high-quality fabric is non-toxic and non-abrasive so it will not wear down your pet's teeth nor will it hurt their gums.

The large size of this Kong AirDog Squeaker Stick will enable you to grab onto one end and play a quick game of tug-of-war with your pal. When you're done playing you can simply toss it into the air for your pup to chase down. Don't worry if it lands in water – the Kong AirDog Squeaker Stick will simply stay afloat until your pup retrieves it.

The Kong AirDog Squeaker Stick makes the perfect stick and is a great training aid for training dogs in retrieving basics. It is the one stick that will definitely not break in half – and the only one that will squeak to your pet's delight! The Kong AirDog Squeaker Stick is a great alternative toy for those dogs that love to play and chew on regular tennis balls.
